

The background features a large, faint, circular geometric pattern in a light beige color, resembling a stylized sunburst or a complex mandala. In the corners, there are partial views of other geometric patterns: a blue one in the top-left and bottom-right, and an orange one in the top-right and bottom-left.

TYCHE

Digital Marketing Agency

About Us

Tyche is a digital marketing agency that helps service-based and growing businesses show up online with clarity and confidence. We work closely with brands to understand their goals, their audience, and what truly matters to their business, then turn that understanding into simple, effective marketing strategies.

Our work blends creativity with data, covering social media management, content planning, paid advertising, and performance tracking. We focus on doing the right things consistently, measuring what matters, and adjusting along the way to help businesses grow in a way that feels sustainable and real.

In Tyche, we believe good marketing should feel human. That's why we act as partners, not just service providers, supporting our clients with honest communication, thoughtful strategy, and marketing that actually works.

Vision:

At Tyche, we envision a world where brands don't rely on luck, they create their own success. To become the force that transform ambition into unstoppable growth. To be the agency brands trust when they are ready to own their destiny with clarity and confidence.

Mission:

Our mission is to help small businesses to craft meaningful brand stories, design premium digital experiences, and provide friendly, reliable marketing support that transforms businesses into measurable growth and long-term business success.

Goal:

Our goal is to build long-term partnerships, help brands grow with clarity, creativity, and strategy that delivers measurable impact.

Core Problem:

Many small businesses struggle with unclear marketing strategies, invest in ads without consistent returns, choose the wrong platforms, and prioritize visibility over profitability.

The solution:

We provide a deep understanding of each client's business and audience, deliver customized strategies, execute with data-backed optimization, and ensure clear reporting with measurable performance tracking.

Our business model:

Market Research

PEST Analysis:

Introduction

This PEST analysis evaluates the external macro-environmental factors affecting the establishment and growth of Tyche, a startup digital marketing agency based in Alexandria, Egypt. The analysis examines Political, Economic, Social, and Technological forces that influence market opportunities, operational challenges, and long-term strategic positioning.

Understanding these external factors enables Tyche to align its services with market needs, anticipate risks, and capitalize on emerging opportunities within Egypt's rapidly evolving digital landscape.

Political Factors

I Government Support for Digital Transformation

The Egyptian government has placed significant emphasis on digital transformation through national initiatives aimed at building a “Digital Egypt.” Investments in broadband infrastructure, digital public services, and ICT development are accelerating the shift toward online business environments.

Impact on Tyche: This creates a favorable environment for digital marketing services as businesses increasingly require online visibility and digital customer engagement strategies.

Market Research

2 Regulatory Environment

Businesses operating in Egypt must comply with licensing requirements, taxation regulations, and advertising standards. While these regulations ensure market structure, they may present administrative challenges for startups and SMEs transitioning to digital operations.

Impact on Tyche: Tyche can position itself as a knowledgeable partner that helps clients navigate digital marketing compliance while maintaining ethical advertising practices.

Economic Factors

1 SME-Dominated Market Structure

Small and medium-sized enterprises (SMEs) represent a significant portion of Egypt's private sector and form the backbone of economic activity. Many of these businesses lack in-house marketing capabilities.

Impact on Tyche: This provides a large and sustainable target market for outsourced, cost-effective marketing services tailored to SMEs.

Market Research

2 Cost Sensitivity and ROI Expectations

Economic pressures, including inflation and rising operational costs, have made businesses more cautious with spending. Companies increasingly demand measurable returns on marketing investments.

Impact on Tyche: There is strong demand for performance-driven marketing strategies that demonstrate clear business value, aligning with Tyche's focus on measurable growth and transparency.

3 Expansion of the Digital Economy

Egypt's digital economy continues to grow steadily, supported by increasing internet usage, fintech adoption, and e-commerce activity.

Impact on Tyche: As more transactions and customer interactions move online, businesses require structured digital marketing to remain competitive.

Social Factors

1 High Internet and Social Media Penetration

Egypt has a large and growing population of internet and social media users. Consumers increasingly rely on digital platforms to discover brands, compare services, and make purchasing decisions.

Impact on Tyche: Digital marketing is no longer optional for businesses; it is essential for customer acquisition and brand visibility.

Market Research

2 Mobile-First Consumer Behavior

A majority of users access digital content via smartphones, influencing how businesses must design advertisements, websites, and customer journeys.

Impact on Tyche: Marketing strategies must prioritize mobile optimization, short-form content, and platform-specific engagement.

3 Growing Awareness Among Small Businesses

Business owners are becoming more aware of the importance of digital presence but often lack the expertise to execute structured marketing strategies.

Impact on Tyche: This creates an opportunity to provide both execution and strategic guidance, positioning Tyche as a growth partner rather than just a service provider.

Technological Factors

1 Rapid Development of Digital Infrastructure

Expansion of high-speed internet, cloud technologies, and digital tools is enabling businesses across Egypt to adopt online operations more easily.

Impact on Tyche: Improved infrastructure supports data-driven marketing, analytics integration, and remote service delivery.

Market Research

2 Shift Toward Data-Driven Marketing

Organizations are increasingly relying on analytics, performance tracking, and automation tools to evaluate campaign effectiveness.

Impact on Tyche: This trend supports Tyche's approach of combining marketing execution with structured performance measurement systems.

3 Growth of Digital Advertising and E-Commerce

Online advertising and e-commerce sectors are expanding, driving demand for targeted campaigns, conversion optimization, and measurable digital performance.

Impact on Tyche: This creates long-term growth potential for agencies capable of delivering structured, results-oriented marketing solutions.

Conclusion

The external environment in Egypt presents strong opportunities for the success of Tyche. Government-led digital transformation, a large SME market, increasing online consumer behavior, and rapid technological adoption all support the demand for professional digital marketing services.

However, economic sensitivity and regulatory considerations require Tyche to adopt a value-driven approach that emphasizes efficiency, transparency, and measurable results.

By positioning itself as a performance-focused agency that combines marketing strategy with structured tracking and analytics, Tyche can effectively respond to market needs and build a sustainable competitive advantage within Egypt's evolving digital economy.

Platforms Used	• Primarily active on Facebook with limited presence on other platforms. • 14K Followers on facebook	• Active on Facebook and website, with a more professional online footprint overall. • 23K followers on facebook
Tone of Voice	• Informal and sales-focused tone, mostly in Arabic, with limited consistency.	• More professional and corporate tone, using clearer messaging and branding language.

Market Research

Marketing Mix:

Positioning:

Tyche is a design-led digital marketing agency that helps brands grow through strategic content, high-quality visuals, and performance-driven campaigns tailored to each business.

Product (What We Offer)

Tyche is a strategic digital marketing agency that helps small and emerging businesses grow with structured clarity, smart content, and thoughtful execution not random posting.

Core Services:

- Strategic Content Marketing:

Content designed around business objectives, not trends.

- Social Media Management:

Platform-specific strategies for Instagram, Facebook, Tik Tok, and LinkedIn.

- Brand Strategy & Positioning for Small Businesses:

Clear messaging, consistent visuals, and strong brand foundations.

- Brand Identity Basics:

Practical visual and messaging foundations tailored for small businesses.

- Ongoing Strategic Guidance:

Monthly direction, insights, and decision support.

Our Real Product:

Strategic clarity and structured growth for small businesses.

Market Research

Price (Pricing Strategy)

Tyche uses a value-based, retainer-focused pricing model, designed to be accessible yet respectful of the agency's strategic value.

Pricing Characteristics:

- Monthly retainers
- Clear scope and deliverables
- Tiered packages based on business growth stage:
 1. Starter
 2. Growth
 3. Custom Strategy
- No pricing by number of posts

We don't compete on being cheap, We compete on being structured, thoughtful, and effective.

The background features decorative geometric patterns in the corners. The top-left corner has a blue pattern, the top-right has an orange pattern, and the bottom-right has a blue pattern. The center of the slide is dominated by a large, faint, light-orange circular pattern resembling a stylized maze or a complex geometric design.

Market Research

Place (Where We Operate & Deliver)

Tyche operates as a digital-first agency, serving clients locally and internationally.

Key Channels:

- Instagram:

Brand image, trust-building, and portfolio visibility.

- Facebook:

Community reach, local visibility, and direct communication.

- TikTok:

Visibility, education, and demand generation.

- LinkedIn:

Authority positioning, partnerships, and founder-focused branding.

- Upwork:

Primary client acquisition channel for international small businesses.

Client communication and sales are handled through platform messaging and direct channels.

Market Research

Promotion (How We Attract Clients)

Tyche's promotion is driven by education, insight, and storytelling.

Promotion Strategy:

- Educational content tailored to small business challenges
- Thought leadership that builds trust and authority
- Soft selling through clarity, not pressure
- Story-driven branding inspired by strategy, timing, and opportunity

Channel Execution:

- Instagram & Facebook:

Educational carousels, reels, and brand storytelling

- TikTok:

Practical advice, marketing truths, and face-to-camera insights

- LinkedIn:

Strategic perspectives, frameworks, and business storytelling

- Upwork:

Strong agency profile, niche positioning, and strategic proposals

Target Audience

Buyer Personas:

Goals

- Build a clear and professional brand identity
- Start her business the right way from day one
- Look credible and trustworthy to customers
- Attract the right audience, not everyone
- Avoid rebranding after a few months

Pain Points

- Doesn't know where to start with branding
- Confused about the difference between a logo and a full identity
- Afraid of wasting money on the wrong decisions
- Feels overwhelmed by marketing advice online
- Her brand doesn't feel consistent or "real" yet

what she usually says

"I want to build my brand correctly from the start."

How Tyche Should Position Itself to Her

Positioning Message:
We help early stage business owners build a clear brand identity and start marketing with confidence without confusion or wasted money

Solution

Tyche helps her gain clarity by understanding her business, goals, and challenges, then turning confusion into a clear brand direction. Through a structured brand strategy, Tyche guides her to define the right audience, build a consistent brand identity, and make confident branding decisions, so she can start the right way without wasting time or money

Advertising

Ad steps for page like (Facebook) :

The collage illustrates the five main steps of creating a Facebook advertisement:

- Campaign details:** Shows the selection of 'Engagement' as the campaign objective. A tip suggests using a mix of video and image ads to increase conversions.
- Ad set name:** The ad set is named 'Tyche Egypt marketing 25-50'.
- Conversion:** The conversion location is set to 'Instagram or Facebook' and the performance goal is 'Maximize number of Page likes'. The Facebook Page 'Tyche' is selected for promotion.
- Budget & schedule:** A daily budget of 150.00 is set. The start date is April 26, 2026, and the end date is May 1, 2026.
- Targeting:** The ad is targeted to users in Alexandria Governorate, aged 25-65+, of all genders, who speak English or Arabic.

The final screenshot shows the 'Review' stage, where the ad name is 'Tyche Reel Ad' and the Facebook Page 'Tyche' is confirmed. It also displays campaign recommendations and a preview of the ad.

Advertising

Ad steps for page like (Facebook) :

The image displays five screenshots of the Facebook Ads Manager interface, illustrating the steps to create a 'Page Like' campaign. The screenshots are arranged in a collage, showing different stages of the ad creation process.

Top Left Screenshot: Shows the 'Ad creative' step. The user is prompted to 'Select and optimize your ad text, media and enhancements.' The 'Primary text' field contains the text: 'Ever feel like you're running a marathon... blindfolded? That's exactly what marketing feels like without a clear strategy. You have a great product. You're running. You're running safe.' The 'Ad preview' section shows a preview of the ad with the text: 'Ever feel like you're running a marathon... blindfolded? That's exactly what marketing feels like without a clear strategy. You have a great product. You're running. You're running safe.'

Top Right Screenshot: Shows the 'Ad setup' step. The user is prompted to 'Select the Facebook Page to use in your ad.' The 'Facebook Page' dropdown menu is set to 'Tyche'. The 'Ad preview' section shows a preview of the ad with the text: 'Ever feel like you're running a marathon... blindfolded? That's exactly what marketing feels like without a clear strategy. You have a great product. You're running. You're running safe.'

Middle Left Screenshot: Shows the 'Creative testing' step. The user is prompted to 'Compare up to 5 different versions of your creative in a test that helps ensure delivery to new test ads.' The 'Creative testing' section shows a preview of the ad with the text: 'Ever feel like you're running a marathon... blindfolded? That's exactly what marketing feels like without a clear strategy. You have a great product. You're running. You're running safe.'

Middle Right Screenshot: Shows the 'Tracking' step. The user is prompted to 'Choose conversion events to track. This ad account's.' The 'Tracking' section shows a preview of the ad with the text: 'Ever feel like you're running a marathon... blindfolded? That's exactly what marketing feels like without a clear strategy. You have a great product. You're running. You're running safe.'

Bottom Left Screenshot: Shows the 'Ad creative' step. The user is prompted to 'Select and optimize your ad text, media and enhancements.' The 'Primary text' field contains the text: 'Your business deserves more than likes... it deserves results.' The 'Ad preview' section shows a preview of the ad with the text: 'Your business deserves more than likes... it deserves results.'

Bottom Right Screenshot: Shows the 'Ad creative' step. The user is prompted to 'Select and optimize your ad text, media and enhancements.' The 'Primary text' field contains the text: 'touch instantly. Let's turn your social media presence into real customers. Message us to start growing today. #SmallBusinessTips #BusinessGrowth #Entrepreneurs #MarketingAgency #BrandIdentity #DesignWithMeaning #CreativeBranding #Alexandria #DigitalMarketing #BrandStrategy #DigitalMarketingHelp'. The 'Ad preview' section shows a preview of the ad with the text: 'touch instantly. Let's turn your social media presence into real customers. Message us to start growing today. #SmallBusinessTips #BusinessGrowth #Entrepreneurs #MarketingAgency #BrandIdentity #DesignWithMeaning #CreativeBranding #Alexandria #DigitalMarketing #BrandStrategy #DigitalMarketingHelp'.

Guidance & Instructions

Content & Brand Presence Guidelines

- Show up consistently on Reels by featuring ourselves on camera
- Create introduction-style Reels to present who we are, what we do, and how we help clients
- Use video content to build trust and create a stronger human connection with our audience

Educational Content Strategy

- Focus on creating educational content that provides real value to brands
- Address common client problems and offer practical solutions
- Position ourselves as experts by sharing insights, tips, and industry knowledge
- Build authority through consistent, helpful, and problem-solving content

Guidance & Instructions

Social Proof & Credibility

- Share detailed case studies highlighting results and process
- Showcase client testimonials to build trust and credibility
- Use before-and-after results and performance metrics whenever possible
- Regularly highlight successful projects across platforms

Paid Campaign Strategy

Launch an Instagram campaign focused on increasing followers

- Objective: Page views / profile visits
- Goal: Grow audience and improve brand visibility

Launch a second campaign focused on lead generation

- Objective: Messages (Send Message campaign)
- Goal: Attract potential clients and start conversations

Thank you

This project reflects our vision for building impactful digital brands
